

PRODUCT DATA

SATIN FINISH ACRYLIC

Type

100% Pure Acrylic Waterbased Paint.

Appearance

Medium sheen finish.

Properties

This product has excellent flow and anti-splatter properties, is highly washable, has a high opacity and low odour with excellent exterior and interior durability.

Surface Preparation

Essential for good paint performance is a sound substrate that has been properly cleaned and prepared. On existing painted surfaces to be redecorated, a small section of paint must be removed to establish the condition of the original paint and the substrate. Where there is doubt, the paint must be removed to a sound base. All surfaces must be dry, free from loose and flaky material, grease and fungus prior to applying the new paint system.

Application Instructions

These instructions are issued as an aid in determining correct surface preparation, mixing and application procedure and should be closely followed to obtain maximum service from the material.

1. New Unpainted Wall Surfaces

e.g. Interior and exterior one coat plaster and interior two coat plaster (Crete stone) surfaces.

- (a) 1st coat: Titanium Ti-Nyl Masonary Paint.
- (b) 2nd and 3rd coat: Titanium Satin Finish Acrylic

2. Previously Painted Areas
